QUEST

For shooters that demand the best...

The **QUEST** .22LR suppressor is 100% stainless steel and incorporates premium state of the art stepped 2 stage "K" baffles for uncompromising performance in a 5" long unit, weighing just over 7 ounces. Available in ceramic matte black or polished stainless, **QUEST** is rated for responsible full auto use and can be completely user disassembled for cleaning or service.

For durability, performance and size, the **QUEST** suppressor sets the standard.

Tactical Innovations Inc.

TAC65

Performance and Price ...

The **TAC65** .22LR suppressor has proven to be the perfect combination of performance, size and price. Manufactured from aircraft grade aluminum with a laser engraved hard anodized matte or gloss black finish, the TAC65 can be user disassembled for service or cleaning. The baffle system features asymmetrical 2 stage "K" baffles for excellent performance in a 5.95" long suppressor, weighing just over 4 ounces.

Priced to fit any budget, the **TAC65** suppressor is the perfect choice for handgun or rifle use.

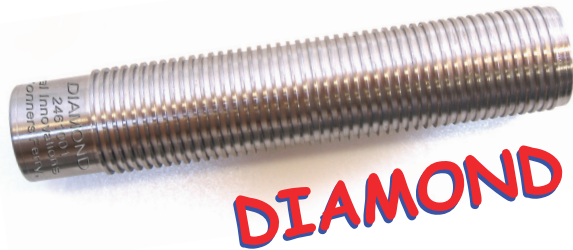

STRATUS

Small Size, HUGE Performance ...

The **STRATUS** .22LR suppressor is machined from aircraft grade aluminum with a laser engraved hard anodized matte black finish. The **STRATUS** incorporates state of the art stepped 2 stage "K" baffles for uncompromising performance in a 5" long unit, weighing just over 2 ounces. It can be completely user disassembled for cleaning or service.

When weight and size are a consideration, the premium **STRATUS** suppressor is an excellent choice for handgun or rifle use.

DIAMOND

For Hard Full Auto Fire ...

The **DIAMOND** is made of 100% stainless steel and incorporates premium state of the art stepped 2 stage "K" baffles for uncompromising **FULL AUTO** performance in a 5.75" long package, weighing just over 10 ounces. It is available in laser engraved ceramic matte black or polished stainless finishes and can be completely user disassembled.

The **DIAMOND** suppressor is an excellent rifle suppressor for **HARD FULL AUTO** fire for firearms such as the AM180 or the AM15.

TAC16

The all steel **TAC16** suppressor mounts to any .223 firearm threaded 1/2x28 in place of the flashhider. The laser engraved liquid ceramic finish is as tough as the all steel individually machined baffle stack. The 7.65" long suppressor weighs approx. 25 ounces and can be user disassembled for service or cleaning. The suppressor is rated for full auto fire.

The **TAC16** provides excellent performance for semi or full auto use at a price that is re-defining suppressor value.
